Trayectoria profesional

Eurekakids (12/2023 - Current position)

Marketing Technician | Graphic Designer | Illustrator

I have recently had the opportunity to leave my mark by working on the **complete rebranding of Eurekakids and its mascot, Archi**. In my daily work, I handle the **design and preparation of signage**, as well as the **creation of visual mock-ups and 3D renderings for conventions**. I also produce **illustrations** for various in-store **materials and develop graphic assets to decorate** and enhance spaces according to commercial campaigns and/or seasonal themes.

Comunik (03/2022 - 01/2023)

Graphic Designer

During my time at Comunic, I **worked closely with clients, developing designs, mock-ups, and illustrations** tailored to their needs. This allowed me to provide **close and effective project support throughout every stage**.

Megamo (08/2017 - 03/2022)

Graphic Designer | Web Developer | 3D Modeler | Illustrator

My experience at Megamo was highly rewarding. During this period, I was directly involved in the **design of bicycles, signage, and marketing materials**, as well as contributing to the **design and programming of their website**. I also **developed real-time 3D models and technical simulations** to clearly communicate the brand's innovative technology to the end client.

The New Kids Club (05/2015 - 10/2017)

Graphic Designer | Illustrator

At The New Kids Club, I was able to further develop my skills in **illustration and graphic design**. During this time, I **created educational materials for classes, participated in book layout and marketing asset creation, and designed advertising materials**.
